

UPDATED PARKING PROCEDURES IN UNIVERSITY DISTRICT

Please be advised, effective August 1, 2024, University District (U/D) has updated parking procedures for the underground parkade and surface parking lots. Street parking will continue to fall under the purview of Calgary Parking Authority.

As part of this change, a new parking validation program has been deployed that will continue to offer complimentary parking to U/D visitors and customers.

Please read the following for full details on how to obtain your complimentary parking session:

- All parkers visiting a business, clinic or office tenant on University Avenue are eligible for complimentary parking in the underground parkade or surrounding surface lots with validation.
- To receive complimentary parking, you are asked to validate your license plate by scanning the 'Offstreet' QR code or entering the information into a tablet, both of which are located inside the business, office, or clinic you are visiting on University Avenue.
- Please do not pre-pay for your parking session if you visit a U/D business, office, or clinic.
- Upon scanning the QR code and entering your license plate, you will be able to see the time that your session will expire.
- Payment is required after the complimentary parking session expires.
- Prepayment is required for all parkers not visiting a business, office, or clinic which will be charged on an hourly basis.

We appreciate your cooperation as this transition takes place. If you have paid for parking prior to validating your license plate, please email info@ucpg.ca for further guidance.

Payment methods:

1. Pay machines: Credit cards only
2. Scan + Pay QR code/Hangtag App: Debit or credit cards accepted
